**Home**

Welcome to the Gallo Wine Academy! This exciting and innovative online wine study program is the result of a ground breaking educational partnership between the Society of Wine Educators and E. & J. Gallo Winery, and is intended to allow users to not only increase their core wine knowledge, but also to prepare themselves to successfully pass the SWE's Certified Specialist of Wine (CSW) exam. More information about the CSW exam can be found by selecting the link below.

If you are new to this site, or just ready to explore a new topic, click on one of the icons below to begin training. If you are a returning user who would like to resume study at the point you left off during your last visit, click the "Training" link on the tool bar above, and you will be returned to that point.

**World Wine Regions**

In this module, we explore the world's leading wine regions. You will learn about the classic "Old World" countries, such as Italy and France, as well as the "New World" leaders, such as Australia and the United States. By discovering each specific region's wine industry, growing conditions, labeling laws, and other features, you will better understand their unique position in today's wine market.

Select a region from the links below to learn about an area.
